EU Type Examination Certificate

Date: 2020/03/06

n. **858201001/OE**

Validity:
2025/03/05

Technical File: **DC-11926**

Test report: **RCT n° 3814813/E**

Functions and performance levels:

The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities: CE-Certified incorporated impact protectors provide strengthened protection.

This PPE item has reached the following performance:

Class C (*) = This class is for specialized non-shell, impact protector ensemble garments, designed only to hold one or more impact protectors in place, either as an undergarment or as an overgarment. Class C garments are designed to provide impact protection for areas covered by the impact protector(s) only and they do not offer complete minimum abrasion protection and may not offer complete minimum impact protection.

Protective function is linked to the correct fit of the garment – also the inner impact protectors must be kept in their place: this falls within the responsibility of the user.

(*) = The applied Technical Draft document currently provides different levels of protection for garments including protectors/shells: from class AAA (highest level of performance) to class AA (medium level) to class A (lower level);

- class B for garments not including protectors / shells = just abrasion protection;
- class C for Impact protector ensemble garments.

Marking:

printed on different labels stitched to the garment and displaying the following information:

CENTRO DE INNOVACION PARA MOTOCICLISTAS

AIR BAG

WISE VEST

- **CE Marking;**
- Name/Registered Trademark (AIROBAG), address and website of the Manufacturer;
- item designation (article name);
- pictogram to indicate the intended use (motorcycling) + nr. / year of the Technical Draft of reference + indication of the class of protection achieved;
- pictogram "i in the booklet" inviting the final user to read the User Manual;
- size indication (commercial size: on an extra label);
- additional information: "Made in...", material composition, care/washing instructions, warnings, etc.

MADE IN COLOMBIA
